

Arigo

AMP-300X

mobile Power

Portable Lithium
AC/DC Power Supply

**SMALLEST IN
THE WORLD!**

Technical Specifications

Model: AMP-300X
Capacity: 300Wh
Dimension: 270 X 190 X 90 mm
Weight: 3.5Kg
DC Output: 2 Output Max
AC Output: 1 Output (220VAC, 50 Hz)
Charging Time: 2-3 hrs
Operating Temperature: -20°C - 45°C
Storage Temperature: -10°C - 40°C

220VAC, 5V USB

2 x DC Ports

INDUSTRIAL GRADE

- ✓ Rechargeable Lithium Battery cells with 800 Charging Life Cycles
- ✓ Smallest & Lightest AC Power Supply in the World!
- ✓ Industrial Grade Enclosure
- ✓ Optional port for solar charging
- ✓ Input/Output ports built externally for ease of use.
- ✓ Custom made

SUITABLE FOR:

- Maritime industry • Off site Engineering Work • Wildlife Research, Biology • Equipment Servicing/Maintenance Team
- Security & Remote Unattended application • Government Agencies (Army, Law Enforcement) • Construction/Renovation
